Ahmedabad, Gujarat, IN

PROFESSIONAL SUMMARY

Motivated MCA student with a focus on Full Stack Development (MERN & Java backend), skilled in building responsive web applications and REST APIs. Strong understanding of frontend-backend integration, database design, and problem-solving, with hands-on project experience.

EDUCATION

Master of Computer Applications (MCA)

JG University, Ahmedabad

2024 – 2026

Current CGPA: 8.9

Bachelor of Computer Applications (BCA)

Saurashtra University, Rajkot

2021 – 2024

CGPA: 8.47

TECHNICAL SKILLS

Languages: JavaScript, Java

Frontend: React.js, HTML, CSS, Bootstrap

Backend: Node.js, Express.js, Spring Boot

Database: MongoDB, MySQL

Concepts: REST APIs, CRUD Operations, MVC Architecture, Authentication, API Integration

Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman

Soft Skills: Decision Making, Communication, Time Management, Problem Solving

PROJECTS

BudgetNova - Expense Tracker Web App

- Developed a full-stack expense tracking application using MongoDB, Express.js, React, and Node.js
- Implemented user authentication and secure session management
- Built RESTful APIs for managing income, expenses, and categories
- Designed responsive UI for CRUD operations on transactions
- Integrated dashboard for monthly and category-wise insights

SprintLearn – Full-Stack E-Learning Platform

- Developed a full-stack e-learning platform with role-based access control (RBAC) for instructors and students using Spring Boot, MySQL, and React
- Implemented RESTful APIs for course management, student enrollment, video-based learning, and quiz evaluation
- Built progress tracking and certificate generation features ensuring scalable and secure access.

Bookishmate – Online Book Shopping Website

- Developed an online book shopping platform using PHP, MySQL, HTML, and CSS
- Implemented search, browsing, and purchase functionality for users
- Integrated simulated Razorpay payment gateway for checkout flow

Medcure – Pharmacy Management System

- Developed a web-based pharmacy management system using ASP.NET, SQL Server, HTML, and CSS
- Enabled management of medicines, categories, suppliers, and sales records
- Designed user-friendly interface for efficient data handling and operations
